A horizontal number line with six black dots representing integer values. Above each dot is a red number. The numbers are -54, -53, -52, -51, -50, and -49, increasing from left to right. There are tick marks above and below the line at each dot position, and crosshairs at the far left and right ends.

-54 -53 -52 -51 -50 -49

A horizontal number line with six black dots representing integer values. Above each dot is a red number. The numbers are -60, -59, -58, -57, -56, and -55, increasing from left to right. There are tick marks above and below the line at each dot position, and crosshairs at the far left and right ends.
